

## **SPECIFICATION AMENDMENTS**

Please delete the paragraph at page 18, lines 21-31 and replace with the following amended paragraph:

The timeline may also be scrolled without moving the indicator. This is accomplished by using two arrow icons which are positioned on either side of the timeline. Referring back to Figure 6, it can be seen that arrow icons 32 and 33 are respectively located to the immediate left and right of timeline 14. Arrow icon 32 points to the left, and arrow icon 33 points to the right. If the user positions the cursor over one of these two arrow icons, depresses the mouse button, and keeps it depressed, several events happen simultaneously. The cursor disappears, the selected arrow icon is highlighted, arrow icons appear above and below scale slider 11, control knob 16 becomes highlighted, timeline 14 begins to scroll, and arrow symbols appear.
